ABOUT ME

Junior software developer with full-stack web development experience in real professional environments. Proficient in Java, JavaScript, TypeScript, PHP and modern frameworks such as Angular and Laravel. Proven ability to integrate REST APIs, build web applications for clients and work with relational databases. Recently graduated in Web Application Development. Bilingual in Spanish (native) and English (C1 certified). Fully and immediately available to join a development team.

TECHNICAL SKILLS

Programming languages: Python, Java, JavaScript, TypeScript, PHP, HTML5, C
Frameworks and libraries: Angular, Laravel, Bootstrap, jQuery, AJAX
Databases: MySQL, SQL, CRUD operations, queries and data management
Tools: Git, GitHub, Docker, Linux, REST API integration
Methodologies: Object-Oriented Programming (OOP), component-based architecture, agile development
Other: Technical support, hardware maintenance, customer service

WORK EXPERIENCE

Software Developer *December 2025 – March 2026*
Acciosoft Spain

- Developed reusable components with **Angular** integrated into the company's internal projects.
- Connected to the company's **REST APIs** through **Laravel** (PHP), linking front-end and back-end.
- Built complete websites for professional clients, managing the project life cycle.

Software Developer *March 2025 – June 2025*
Al-Tec Spain

- Implemented **CRUD** operations and business logic in **Java**, ensuring a robust and maintainable back-end.
- Designed and ran **MySQL** queries for data management and reporting.
- Connected front-end and back-end using **jQuery** and AJAX, delivering dynamic and responsive interfaces.

IT Technician *September 2023 – January 2024*
Andalusian Digital Agency Spain

- Provided **help desk** support to end users, diagnosing and resolving hardware, software and connectivity incidents.
- Repaired and maintained **PCs** and troubleshot **network** issues to keep workstations up and running.
- Installed and configured software on end-user **laptops**, leaving devices ready for daily work.
